

## 2SC5658-Q/R/S

### NPN Transistor

#### Feature:

- Epitaxial planar die construction
- Surface device type mounting
- Meet MSL level 1, per J-STD-020D, lead free maximum peak of 260°C
- Pb free version and RoHS compliant
- Green compound (Halogen free) with suffix "G" on packing code and prefix "G" on date code
- Complements the 2SA2029

#### Application:

- For use in general purpose switch, amplify

#### Closest Cross Reference:

TSC Part No.	Toshiba Part No.	ROHM Part No.
2SC5658	2SC5658	2SC5658
