

Taiwan Semiconductor Co., Ltd. announces the opening of a new branch in Beijing, China

May 2, 2019

Dear Customers:

Taiwan Semiconductor Co., Ltd. (TSC) has been developing China market for nearly 40 years, in order to improve the response speed to local customers, we have officially established a new Beijing branch as a means of offering strong local support to the growing demand as well as continued high quality service to our Chinese customer base.

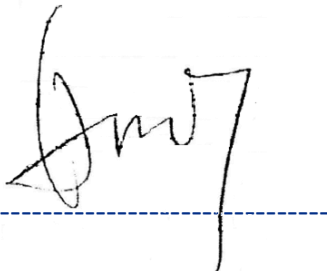

Taiwan Semiconductor Group has built the factories with advanced manufacturing in China for more than 20 years, and has established branches in various locations locally. The opening of new Beijing branch indicates that we plan to accommodate the rapid growth in China region and engage local talent for the business development efforts. We are open to leveraging the potential of the market and providing smart solutions for local customers and partners.

The business transactions of Tianjin office will be undertaken by Beijing branch, meanwhile our team will provide you with quality service as always.

TSC Beijing branch is located at:

Room 902-12, 9th Fl. Long Sheng Building, Rongchang East Street,
Yizhuang Economic and Technology Development Zone, Daxing District, Beijing, China

Best Regards

Andy Chao
Vice President of Sales & Marketing

11Fl., No.205, Sec.3, Beishin Rd. Xindian Dist., New Taipei 231, R.O.C. Taiwan
